\*Note: Includes accidental activation, burnt food, good intent, system malfunction, malicious, etc.

Other September notes: The big event during September was the "Prado Fire" which began during the afternoon of Friday, September 12, east into the hills beyond the east end of Prado Lane. Due to uncertainty regarding the location, the initial dispatched response included fire units from Loma Linda, Colton, San Bernardino County Fire and CDF. The fire ultimately burned 125 acres, all of which, except for a portion on the southeast corner in San Bernardino County, was within the City Of Loma Linda. At the height of the incident, 31 pieces of fire apparatus, 3 helicopters, 1 dozer and a total of 142 personnel from 14 separate agencies were committed to the fire. Good work by the fire fighting crews, along with some cooperation from the wind and evening humidity, kept the fire away from residences located along the north slopes of the hills.
